ABOUT PETROLEUM SUMMIT 2026

Dear Esteemed Guests and Colleagues,

It is with great enthusiasm and anticipation that we welcome you to the 3rd Global Summit on Oil, Gas, Petroleum Science and Engineering. We are thrilled to gather some of the brightest minds and leading experts in the field to explore, discuss, and advance our understanding of the Advanced petroleum science that shape our world.

Over the two days, we will embark on a journey through the latest breakthroughs, innovative research, and practical applications that are driving the future of petroleum field. From pioneering studies to sustainable practices, this congress promises to be a dynamic platform for knowledge exchange and collaboration.

Our mission is to foster a vibrant dialogue that bridges scientific discovery with real-world impact, ultimately contributing to healthier lives and a more sustainable future. We encourage you to engage deeply with the sessions, workshops, and networking opportunities, and to take full advantage of the collective wisdom and experience that our distinguished speakers and attendees bring to this event.

We hope this congress will inspire new ideas, forge valuable connections, and set the stage for transformative advancements in Advanced petroleum and Science. Thank you for joining us on this exciting journey, and we look forward to an enriching and impactful experience together.

Warmest regards,

Organizing Committee
Petroleum Summit 2026

THEMES AND TOPICS

Scientific sessions at a Petroleum Summit 2026 conference typically focus on the latest research, developments, and innovations in the field.

- Exploration & Production
- Petroleum Engineering & Technology
- Sustainability & Environment
- Energy Transition & Policy
- Digital Transformation & Innovation
- Market Dynamics & Investment
- Petroleum Engineering & Technology
- Sustainability & Environment
- Advanced drilling and well completion technologies
- Enhanced oil recovery (EOR) techniques
- Reservoir engineering and modeling
- Offshore and deepwater exploration strategies
- Shale oil and gas developments
- Innovations in upstream, midstream, and downstream operations
- Automation, robotics, and AI in oil and gas
- Pipeline integrity and transportation safety
- Refining technologies and petrochemical advancements
- Asset integrity and maintenance management
- Carbon capture, utilization, and storage (CCUS)
- Emission reduction and environmental compliance
- Decommissioning of oil & gas infrastructure
- Sustainable drilling and waste management
- Water and land use in petroleum operations
- Integrating renewables with oil & gas systems
- Hydrogen production and its role in future energy
- Regulatory frameworks and international energy policy
- Economic outlook and geopolitical impacts
- ESG (Environmental, Social, Governance) in the energy sector
- Big data and analytics in reservoir and production management
- Digital twins and IoT in field operations
- Cybersecurity in oil & gas infrastructure
- Smart sensors and remote monitoring
- Cloud-based energy platforms and predictive maintenance
- Global supply and demand trends
- Price volatility and market forecasting
- Investment strategies in a low-carbon future
- Risk management and financial modeling
- Mergers, acquisitions, and energy market restructuring

TARGET AUDIENCE

- CEOs, CFOs, COOs of oil & gas companies
- Senior managers and directors in upstream, midstream, and downstream sectors
- Investment analysts and venture capitalists focused on energy
- Policy makers and government regulators in energy and environment sectors
- Geologists and geophysicists
- Reservoir engineers
- Drilling and production engineers
- Well site managers and operations supervisors
- R&D scientists in petroleum technology
- Experts in AI, Big Data, and digital transformation for oil & gas
- Automation, robotics, and IoT engineers
- Nanotechnology and materials science researchers
- Refinery process engineers and managers
- Petrochemical engineers and chemists
- Specialists in catalysis, process optimization, and waste management
- Environmental engineers and consultants
- Sustainability officers and carbon management experts
- Professionals working on renewable energy integration and biofuels
- Experts in carbon capture, utilization & storage (CCUS)
- Energy policy makers and regulators
- Climate change and energy transition consultants
- Representatives from NGOs and environmental organizations
- Analysts focused on energy markets and decarbonization
- Pipeline engineers and integrity managers
- Logistics and transportation professionals
- Storage facility operators and maintenance teams
- Professors and researchers in petroleum engineering, geology, and energy studies
- Graduate students and postdocs specializing in energy and environment
- Companies providing drilling, well stimulation, and completion services
- Equipment manufacturers and technology providers
- Consulting and engineering firms specializing in oil & gas

MEETING AGENDA

May 18, 2026 | Day 01

- 09:00-09:15 OPENING CEREMONY
- 09:15-10:45 KEYNOTE PRESENTATIONS
- 10:45-11:00 REFRESHMENTS BREAK
- 11:00-13:00 KEYNOTE PRESENTATIONS
- 13:00-13:45 NETWORKING LUNCH
- 13:45-15:40 SPEAKER SESSION
- 15:40-16:00 REFRESHMENTS BREAK
- 16:00-17:45 SPEAKER SESSION
- 17:45-18:00 PANNEL DISCUSSION

May 19, 2026 | Day 02

- 09:00-09:15 OPENING CEREMONY
- 09:15-10:45 KEYNOTE PRESENTATIONS
- 10:45-11:00 REFRESHMENTS BREAK
- 11:00-13:00 KEYNOTE PRESENTATIONS
- 13:00-13:45 NETWORKING LUNCH
- 13:45-15:40 SPEAKER SESSION
- 15:40-16:00 REFRESHMENTS BREAK
- 16:00-17:45 SPEAKER SESSION
- 17:45-18:00 Closing Ceremony

“The aims and objectives of this unique conference are to bring together researchers in Oil, Gas, Petroleum Science and Engineering to present and discuss the most recent developments in these fields all over the world”.

Sponsorship Opportunities:

- Reach your target market with exclusive packages
- Promote brand recognition through high visibility
- Communicate directly with influential decision makers
- Provide solutions to technology challenges Source new products
- Leverage these benefits to achieve returns on your marketing dollars
- *****Reach a High Qualified Target Audience with this Strategic Opportunity!

Event Highlights:

- 25+ Interactive Sessions
- 5+ Workshops
- 30+ Hours of Networking Events
- 15+ Keynote Speakers
- Participants from Industry & Academia (50:50)
- 50+ Innovative Featured Speakers
- B2B Meetings
- World-class Exhibitions

About SCHOLARS CONFERENCES

"Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together"

Who We Are

Scholars Conferences is a global leader in producing high quality Conferences, Meetings, Workshops, Symposia and, Webinars in all major fields of Pharma, Healthcare, Science, Technology and Medicine.

Scholars Conferences endeavors to disseminate the scientific knowledge and research through its Scientific Conferences and Meetings. Scholars Conferences is currently organizing International Conferences, Meetings, Workshops, Symposia and, Webinars with a main theme of "Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together".

WHY CHOOSE US?

Why does a Scholars Conferences stand out from other scientific meetings? Our meetings attract an exclusive number of audience who have a narrow concentration within a specialized field. We create a platform for informal, workshop style forums delivering a more intense scientific experience unlike other larger style conferences.

OUR AIM

We focus on bringing a much-needed level of efficiency and quality standards in the way we service our clients, thus building lasting partnerships-based quality, innovation, and commitment to abide by our deeply rooted core values.

OUR VISION

We are a truly professional group of individuals, striving hard to maintain and improve the quality of execution of our services. Our people constituting our team are our key assets.

OUR MISSION

Scholars Conferences strives to become internationally renowned for providing meetings of outstanding scientific quality, bringing together smaller interest groups to create informal and workshop style interactions, bridging a gap in the scientific conference community.

UNIQUE FEATURES SCHOLARS CONFERENCES

“DISCOVER THE POWER OF NETWORKING”

Pursue Innovations

We work on pursuing the spread of new knowledge to the students researchers, Scientists, academicians, research laboratories by sharing a common platform. This will facilitate the technological advancements that transform the globe.

01

Real Networking

Focus on professional aspect of networking which will further boosts the professional confidence, leads to the exchange of ideas, helps you meet people at all professional levels, exchange of ideas. This will nurture and create more visibility for different fields of budding researchers in their career path.

02

Explore the Knowledge

Present, share an explore the knowledge and/or completely different areas of study. We provide ways to discuss with the new faces one to one about their research they are working on which will further enhance on their own work. Presenting makes the presenter more confident and new perspectives towards the project in new doorways.

03

Transform the Science

Discussing on latest research with worldwide speakers and delegates from various fields will bring the most gradual and progressive developments in transforming the science in the field of medical, clinical, pharma and engineering.
