

Advances in Preventive Medicine and Public Health

Amsterdam, Netherlands

"Transforming Global Health Through Prevention, Innovation, and Collaborative Solutions"

<https://preventivemedicine.scholarsconferences.com/>

ABOUT PREVENTIVE MEDICINE 2027

Welcome to the **3rd World Congress on Advances in Preventive Medicine and Public Health** (Preventive Medicine 2027), taking place on **June 07-08, 2027**, in the vibrant and historic city of **Amsterdam, Netherlands**.

Under the theme, "**Transforming Global Health Through Prevention, Innovation, and Collaborative Solutions**," Preventive Medicine 2027 will bring together distinguished researchers, healthcare professionals, public health experts, epidemiologists, policy-makers, academicians, and industry leaders from around the world to explore the latest advances and emerging trends in preventive medicine and public health.

Building on the success of previous editions, the congress serves as a premier international platform for the exchange of groundbreaking research, innovative ideas, and best practices that address today's most pressing global health challenges. The program will feature inspiring **keynote addresses, scientific presentations, interactive panel discussions, poster sessions, workshops, and valuable networking opportunities**, fostering meaningful collaborations that drive progress in disease prevention, health promotion, and population health.

Preventive Medicine 2027 is designed to encourage interdisciplinary dialogue, strengthen global partnerships, and promote evidence-based strategies that improve health outcomes across diverse communities. Whether you are presenting your latest research, expanding your professional network, or exploring new developments in the field, the congress offers an exceptional opportunity to engage with leading experts and contribute to shaping the future of preventive healthcare.

We warmly invite you to join us in Amsterdam for two inspiring days of scientific excellence, collaboration, and innovation. Together, we can advance preventive medicine and public health to build a healthier, more resilient future for communities worldwide.

We look forward to welcoming you and to your valuable participation in Preventive Medicine 2027.

About SCHOLARS CONFERENCES

Transforming Global Health Through Prevention, Innovation, and Collaborative Solutions

Who We Are

Scholars Conferences is a global leader in producing high quality Conferences, Meetings, Workshops, Symposia and, Webinars in all major fields of Pharma, Healthcare, Science, Technology and Medicine.

Scholars Conferences endeavors to disseminate the scientific knowledge and research through its Scientific Conferences and Meetings. Scholars Conferences is currently organizing International Conferences, Meetings, Workshops, Symposia and, Webinars with a main theme of "Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together".

WHY CHOOSE US?

Why does a Scholars Conferences stand out from other scientific meetings? Our meetings attract an exclusive number of audience who have a narrow concentration within a specialized field. We create a platform for informal, workshop style forums delivering a more intense scientific experience unlike other larger style conferences.

OUR AIM

We focus on bringing a much-needed level of efficiency and quality standards in the way we service our clients, thus building lasting partnerships-based quality, innovation, and commitment to abide by our deeply rooted core values.

OUR VISION

We are a truly professional group of individuals, striving hard to maintain and improve the quality of execution of our services. Our people constituting our team are our key assets.

OUR MISSION

Scholars Conferences strives to become internationally renowned for providing meetings of outstanding scientific quality, bringing together smaller interest groups to create informal and workshop style interactions, bridging a gap in the scientific conference community.

UNIQUE FEATURES SCHOLARS CONFERENCES

“DISCOVER THE POWER OF NETWORKING”

Pursue Innovations

We work on pursuing the spread of new knowledge to the students researchers, Scientists, academicians, research laboratories by sharing a common platform. This will facilitate the technological advancements that transform the globe.

01

Real Networking

Focus on professional aspect of networking which will further boosts the professional confidence, leads to the exchange of ideas, helps you meet people at all professional levels, exchange of ideas. This will nurture and create more visibility for different fields of budding researchers in their career path.

02

Explore the Knowledge

Present, share an explore the knowledge and/or completely different areas of study. We provide ways to discuss with the new faces one to one about their research they are working on which will further enhance on their own work. Presenting makes the presenter more confident and new perspectives towards the project in new doorways.

03

Transform the Science

Discussing on latest research with worldwide speakers and delegates from various fields will bring the most gradual and progressive developments in transforming the science in the field of medical, clinical, pharma and engineering.
