

8TH WORLD NURSING EDUCATION AND PRACTICE CONGRESS

21-22 SEP 2026
LISBON, PORTUGAL

Theme: *“Advancing Global Health Through Innovative Nursing Education and Practice”*

<https://nursingworldcongress.com/>

"Advancing Global Health Through Innovative Nursing Education and Practice"

The **World Nursing Education and Practice Congress** is a premier international event dedicated to advancing the field of nursing through education, research, and clinical practice. This prestigious congress brings together leading nursing professionals, educators, researchers, and policymakers from around the globe to share knowledge, discuss innovative practices, and shape the future of nursing.

Purpose:

The congress aims to:

- **Promote Excellence in Nursing:** Highlight best practices, emerging trends, and evidence-based strategies to enhance nursing education and clinical practice.
- **Foster Collaboration:** Create a platform for networking and collaboration among international nursing professionals to address global health challenges.
- **Advance Research:** Showcase groundbreaking research and developments in nursing science that can lead to improved patient outcomes and healthcare systems.
- **Empower Future Leaders:** Equip the next generation of nursing leaders with the knowledge, skills, and insights needed to drive positive change in the healthcare field.

ABOUT WNEP 2026

WNEP 2026 Key Themes:

- Innovative Nursing Education: Exploring new methodologies, technologies, and curricula to enhance nursing education and prepare future practitioners.

About SCHOLARS CONFERENCES

"Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together"

Who We Are

Scholars Conferences is a global leader in producing high quality Conferences, Meetings, Workshops, Symposia and, Webinars in all major fields of Pharma, Healthcare, Science, Technology and Medicine.

Scholars Conferences endeavors to disseminate the scientific knowledge and research through its Scientific Conferences and Meetings. Scholars Conferences is currently organizing International Conferences, Meetings, Workshops, Symposia and, Webinars with a main theme of "Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together".

WHY CHOOSE US?

Why does a Scholars Conferences stand out from other scientific meetings? Our meetings attract an exclusive number of audience who have a narrow concentration within a specialized field. We create a platform for informal, workshop style forums delivering a more intense scientific experience unlike other larger style conferences.

We focus on bringing a much-needed level of efficiency and quality standards in the way we service our clients, thus building lasting partnerships-based quality, innovation, and commitment to abide by our deeply rooted core values.

We are a truly professional group of individuals, striving hard to maintain and improve the quality of execution of our services. Our people constituting our team are our key assets.

Scholars Conferences strives to become internationally renowned for providing meetings of outstanding scientific quality, bringing together smaller interest groups to create informal and workshop style interactions, bridging a gap in the scientific conference community.

UNIQUE FEATURES SCHOLARS CONFERENCES

“DISCOVER THE POWER OF NETWORKING”

Pursue Innovations

We work on pursuing the spread of new knowledge to the students researchers, Scientists, academicians, research laboratories by sharing a common platform. This will facilitate the technological advancements that transform the globe.

Real Networking

Focus on professional aspect of networking which will further boosts the professional confidence, leads to the exchange of ideas, helps you meet people at all professional levels, exchange of ideas. This will nurture and create more visibility for different fields of budding researchers in their career path.

Explore the Knowledge

Present, share an explore the knowledge and/or completely different areas of study. We provide ways to discuss with the new faces one to one about their research they are working on which will further enhance on their own work. Presenting makes the presenter more confident and new perspectives towards the project in new doorways.

Transform the Science

Discussing on latest research with worldwide speakers and delegates from various fields will bring the most gradual and progressive developments in transforming the science in the field of medical, clinical, pharma and engineering.
