About ENTx 2027

Dear Esteemed Guests and Colleagues,

We are delighted to welcome you to the 2nd International Summit on Advanced ENT, Head & Neck Surgery, taking place on March 15–16, 2027, in the vibrant city of London, UK. We are excited to host a global gathering of experts, We anticipate welcoming over 100+ participants from across the globe, creating a diverse and engaging environment for meaningful discussions and partnerships.

Building on the success of our inaugural edition, ENTx continues to grow as a premier platform for advancing innovation and clinical excellence in ENT and head & neck surgery. With the theme "Shaping the Future of ENT Care through Innovation and Excellence", this summit will bring together leading surgeons, clinicians, researchers, and healthcare professionals to explore the latest advancements and transformative approaches in the field.

Join us for two engaging days of keynote sessions, expert discussions, case-based presentations, and valuable networking opportunities. The summit is designed to foster collaboration, share cutting-edge techniques, and enhance patient care outcomes. Whether you are presenting groundbreaking research or seeking to expand your clinical expertise, ENTx 2027 offers a unique opportunity to connect, learn, and contribute to the future of ENT care.

We look forward to welcoming you to London for an inspiring and impactful summit!

We hope this congress will inspire new ideas, forge valuable connections, and set the stage for transformative advancements in Advanced ENT and Head and Neck Surgery.

Thank you for joining us on this exciting journey, and we look forward to an enriching and impactful experience together.

Warmest regards,
Organizing Committee
ENTx 2027

About SCHOLARS CONFERENCES

"Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together"

Who We Are

Scholars Conferences is a global leader in producing high quality Conferences, Meetings, Workshops, Symposia and, Webinars in all major fields of Pharma, Healthcare, Science, Technology and Medicine.

Scholars Conferences endeavors to disseminate the scientific knowledge and research through its Scientific Conferences and Meetings. Scholars Conferences is currently organizing International Conferences, Meetings, Workshops, Symposia and, Webinars with a main theme of "Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together".

OUR AIM

We focus on bringing a much-needed level of efficiency and quality standards in the way we service our clients, thus building lasting partnerships-based quality, innovation, and commitment to abide by our deeply rooted core values.

OUR VISION

We are a truly professional group of individuals, striving hard to maintain and improve the quality of execution of our services. Our people constituting our team are our key assets.

OUR MISSION

Scholars Conferences strives to become internationally renowned for providing meetings of outstanding scientific quality, bringing together smaller interest groups to create informal and workshop style interactions, bridging a gap in the scientific conference community.

WHY CHOOSE US?

Why does a Scholars Conferences stand out from other scientific meetings? Our meetings attract an exclusive number of audience who have a narrow concentration within a specialized field. We create a platform for informal, workshop style forums delivering a more intense scientific experience unlike other larger style conferences.

UNIQUE FEATURES SCHOLARS CONFERENCES

"DISCOVER THE POWER OF NETWORKING"

Pursue Innovations

01

We work on pursuing the spread of new knowledge to the students researchers, Scientists, academicians, research laboratories by sharing a common platform. This will facilitate the technological advancements that transform the globe.

Real Networking

02

Focus on professional aspect of networking which will further boosts the professional confidence, leads to the exchange of ideas, helps you meet people at all professional levels, exchange of ideas. This will nurture and create more visibility for different fields of budding researchers in their career path.

Explore the Knowledge

03

Present, share an explore the knowledge and/or completely different areas of study. We provide ways to discuss with the new faces one to one about their research they are working on which will further enhance on their own work. Presenting makes the presenter more confident and new perspectives towards the project in new doorways.

Transform the Science

04

Discussing on latest research with worldwide speakers and delegates from various fields will bring the most gradual and progressive developments in transforming the science in the field of medical, clinical, pharma and engineering.
