ABOUT CONFERENCE

THEME: FUTURE DIRECTIONS: PIONEERING MENTAL HEALTH AND WELL-BEING INITIATIVES

It is with great pleasure that we welcome you to the dynamic and captivating city of Bangkok for this year's Asia-Pacific Mental Health and Well-being Congress (APMH 2026). We are delighted to host you in Thailand's vibrant capital—where rich cultural heritage meets modern innovation and world-class hospitality. This year's Congress brings together thought leaders, practitioners, researchers, and advocates from across the Asia-Pacific region and beyond to explore the latest advancements, challenges, and opportunities in mental health and well-being. Together, we will share knowledge, exchange ideas, and build collaborations that strengthen the global mental health community. APMH 2026 is a celebration of diversity, innovation, and progress—a gathering where science meets compassion and where collective wisdom inspires meaningful change. As we engage in dialogue and discovery, we continue our shared mission to promote mental health awareness, equity, and resilience worldwide.

From breakthroughs in mental health research and therapeutic innovation to policy frameworks promoting psychological well-being and inclusive care, the Mental Health and Well-Being Congress provides a comprehensive platform to reshape the global landscape of mental health across all communities and life stages.

We look forward to welcoming you to Bangkok, where science meets culture, and where together we will envision a more compassionate, resilient, and mentally healthy world.

About SCHOLARS CONFERENCES

"Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together"

Who We Are

Scholars Conferences is a global leader in producing high quality Conferences, Meetings, Workshops, Symposia and, Webinars in all major fields of Pharma, Healthcare, Science, Technology and Medicine.

Scholars Conferences endeavors to disseminate the scientific knowledge and research through its Scientific Conferences and Meetings. Scholars Conferences is currently organizing International Conferences, Meetings, Workshops, Symposia and, Webinars with a main theme of "Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together".

WHY CHOOSE US?

Why does a Scholars Conferences stand out from other scientific meetings? Our meetings attract an exclusive number of audience who have a narrow concentration within a specialized field. We create a platform for informal, workshop style forums delivering a more intense scientific experience unlike other larger style conferences.

OUR AIM

We focus on bringing a much-needed level of efficiency and quality standards in the way we service our clients, thus building lasting partnerships-based quality, innovation, and commitment to abide by our deeply rooted core values.

OUR VISION

We are a truly professional group of individuals, striving hard to maintain and improve the quality of execution of our services. Our people constituting our team are our key assets.

OUR MISSION

Lambda Research Group strives to become internationally renowned for providing meetings of outstanding scientific quality, bringing together smaller interest groups to create informal and workshop style interactions, bridging a gap in the scientific conference community.

UNIQUE FEATURES SCHOLARS CONFERENCES

“DISCOVER THE POWER OF NETWORKING”

Pursue Innovations

We work on pursuing the spread of new knowledge to the students researchers, Scientists, academicians, research laboratories by sharing a common platform. This will facilitate the technological advancements that transform the globe.

01

Real Networking

Focus on professional aspect of networking which will further boosts the professional confidence, leads to the exchange of ideas, helps you meet people at all professional levels, exchange of ideas. This will nurture and create more visibility for different fields of budding researchers in their career path.

02

Explore the Knowledge

Present, share and explore the knowledge and/or completely different areas of study. We provide ways to discuss with the new faces one to one about their research they are working on which will further enhance on their own work. Presenting makes the presenter more confident and new perspectives towards the project in new doorways.

03

Transform the Science

Discussing on latest research with worldwide speakers and delegates from various fields will bring the most gradual and progressive developments in transforming the science in the field of medical, clinical, pharma and engineering.
