ABOUT SPHC 2025

“Innovating for Tomorrow: Shaping the Future of Public Health”

Welcome to the SPHC 2025!

It is our great pleasure to welcome you to "**Singapore Public Health Conference**", a cornerstone event where visionaries and change-makers in the field of public health converge. We are excited to embark on this journey of learning, sharing, and collaboration with each of you.

We are thrilled to have you join us for this pivotal event, where leaders, innovators, and advocates in the field of public health come together to explore, discuss, and shape the future of health and beyond.

As we gather here, we are united by a common purpose: to advance public health through collaboration, innovation, and action. This year's conference theme, "***Innovating for Tomorrow: Shaping the Future of Public Health***," reflects our commitment to addressing today's challenges and seizing the opportunities that lie ahead.

Over the course of this conference, you will hear from renowned experts, engage in thought-provoking discussions, and gain valuable insights into the latest research and practices. We encourage you to actively participate, share your perspectives, and forge connections with your peers.

Thank you for your dedication to improving public health. Your presence here is a testament to your commitment to creating a healthier, more resilient community. We look forward to an inspiring and productive conference with you.

Welcome, and let's make a difference together!

Warm regards,
Conference Manager

- General Public

About SCHOLARS CONFERENCES

“Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together”

Who We Are

Scholars Conferences is a global leader in producing high quality Conferences, Meetings, Workshops, Symposia and, Webinars in all major fields of Pharma, Healthcare, Science, Technology and Medicine.

Scholars Conferences endeavors to disseminate the scientific knowledge and research through its Scientific Conferences and Meetings. Scholars Conferences is currently organizing International Conferences, Meetings, Workshops, Symposia and, Webinars with a main theme of “Accelerating the Cutting-Edge Scientific Research into Success by Bringing People Together”.

WHY CHOOSE US?

Why does a Scholars Conferences stand out from other scientific meetings? Our meetings attract an exclusive number of audience who have a narrow concentration within a specialized field. We create a platform for informal, workshop style forums delivering a more intense scientific experience unlike other larger style conferences.

OUR AIM

A red hexagonal icon containing a white paper plane, symbolizing speed and direction.

We focus on bringing a much-needed level of efficiency and quality standards in the way we service our clients, thus building lasting partnerships-based quality, innovation, and commitment to abide by our deeply rooted core values.

OUR VISION

A red hexagonal icon containing a white lightbulb with rays emanating from it, symbolizing ideas and vision.

We are a truly professional group of individuals, striving hard to maintain and improve the quality of execution of our services. Our people constituting our team are our key assets.

OUR MISSION

A red hexagonal icon containing a white target symbol with an arrow hitting the bullseye, symbolizing focus and achievement.

Lambda Research Group strives to become internationally renowned for providing meetings of outstanding scientific quality, bringing together smaller interest groups to create informal and workshop style interactions, bridging a gap in the scientific conference community.

UNIQUE FEATURES SCHOLARS CONFERENCES

“DISCOVER THE POWER OF NETWORKING”

Pursue Innovations

We work on pursuing the spread of new knowledge to the students researchers, Scientists, academicians, research laboratories by sharing a common platform. This will facilitate the technological advancements that transform the globe.

01

Real Networking

Focus on professional aspect of networking which will further boosts the professional confidence, leads to the exchange of ideas, helps you meet people at all professional levels, exchange of ideas. This will nurture and create more visibility for different fields of budding researchers in their career path.

02

Explore the Knowledge

Present, share an explore the knowledge and/or completely different areas of study. We provide ways to discuss with the new faces one to one about their research they are working on which will further enhance on their own work. Presenting makes the presenter more confident and new perspectives towards the project in new doorways.

03

Transform the Science

Discussing on latest research with worldwide speakers and delegates from various fields will bring the most gradual and progressive developments in transforming the science in the field of medical, clinical, pharma and engineering.
